

## Assignment number: 3

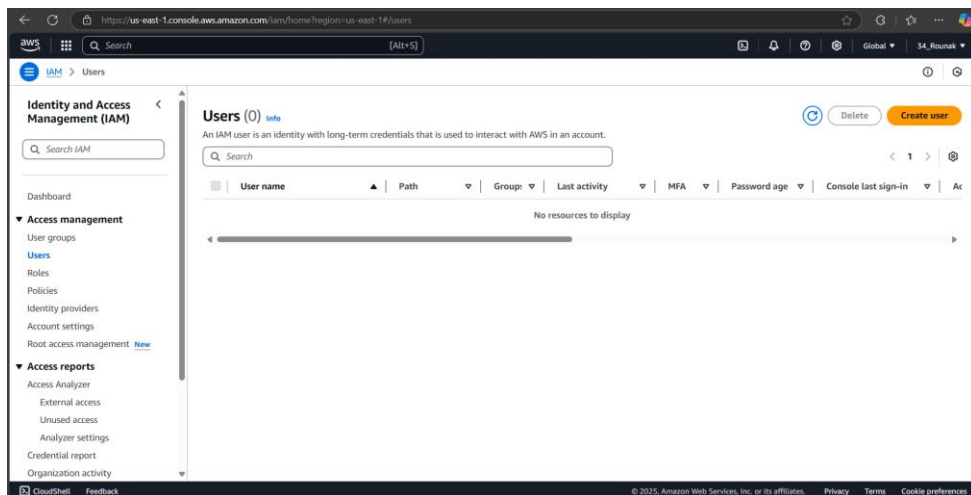

**Problem definition:** Create IAM user and give full access to S3.

Step 1: Sign in to the AWS Management Console.

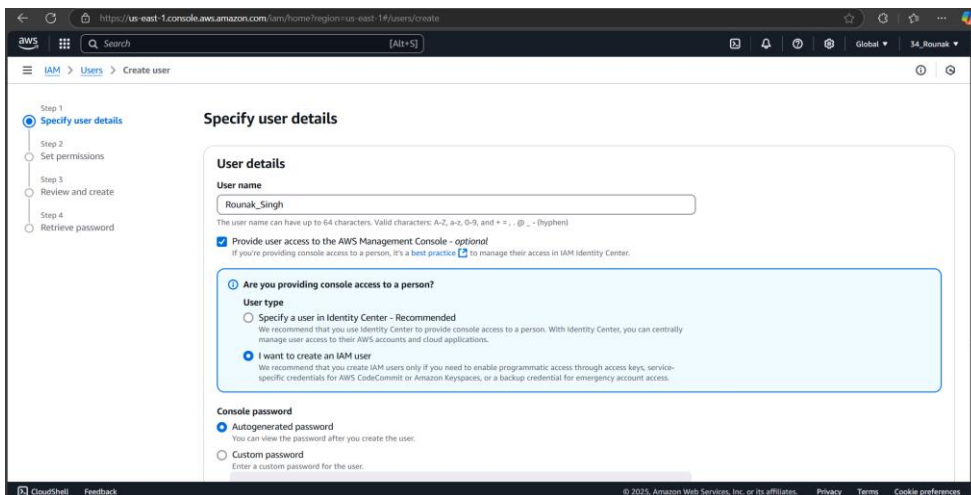

Step 2: From AWS console search for IAM and click on it.

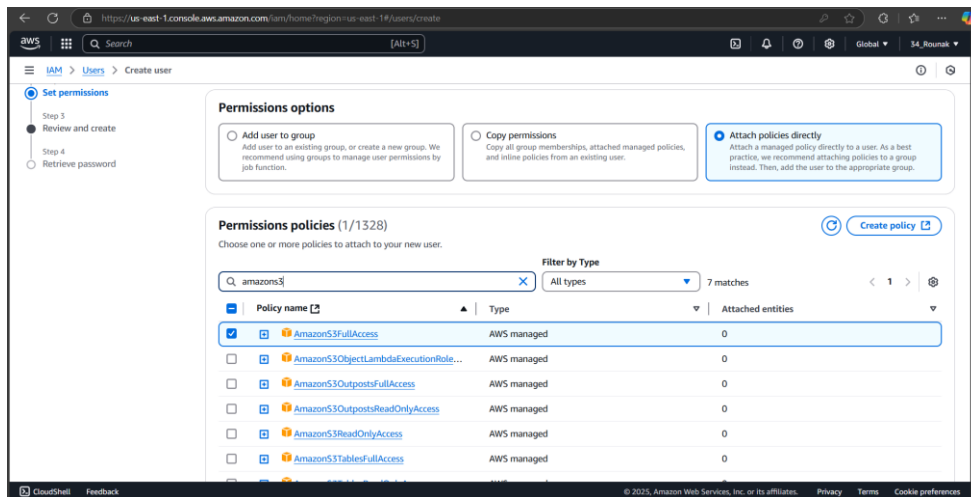

Step 3: In the left-hand menu, click on “Users”.

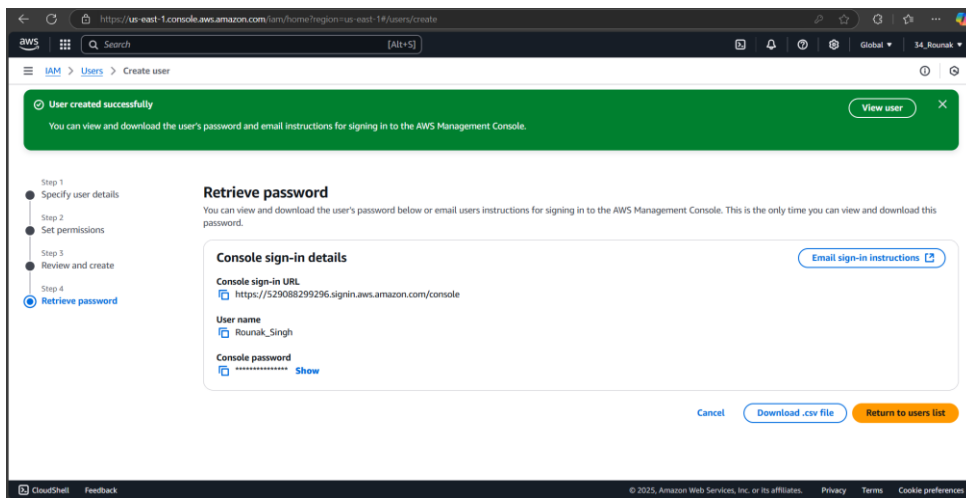

Step 4: Click on “Create user”. Enter a unique name and set a custom password.

Step 5: Click on **“Attach policies directly”**. Search for **“AmazonS3FullAccess”**, select it and click on next.

Step 6: Click on **“Create user”**.

Step 7: user is created successfully.
